

Albany New Business Generation Member of the Year

New Business Generation's Member of The Year should encompass the same values as an individual as the group does as a whole.

The Member of The Year should be an active participant in the group by having regular attendance, helping when possible at events, provide both internal and external leads on a regular basis, promote the group and the group's growth, and participate during meetings as a presenter one time during the year.

The Member of The Year should be constantly/continuously looking for new members. They not only do business within our group, but also look to bring new businesses into the group for greater network opportunities.

The Member of The Year should be part of the community. He/she should be willing to volunteer their time or talents to organizations that need help. They are active in fund-raising for charitable organizations through "Lock-Ups", Fund Runs, or other fund-raising events. They might be active in other service organizations such Kiwanis, Lions, Red-Hat Society, Rotary, Chamber, etc.

With this as your guide, please nominate a member for the

Albany New Business Generation Member of the Year Award

Nominee's Name:

Nominated by:

Please list reasons that address their involvement with the group this past year:
